### Reminders

**Absences-** Please call the center or send a Kaymbu message if your child will not be attending school for the day.

**Clothing-** The children will be going outside on the playground throughout the fall and winter. Please be sure to send your child to school in a jacket, mittens, and a hat as the temperature get colder.

**Complete this questionnaire and your child will receive a prize!**

Ages & Stages Questionnaire

The Ages and Stages Questionnaire (ASQ) developmental screening provides families the opportunity to share and learn about their child's development, to celebrate their growth and to address any questions or concerns they may have about what "typical development" looks like.

We would love for you to complete an Ages and Stages Questionnaire. This helps our educators learn a bit more about your child's development and provides valuable insights on what you see at home. The ASQ is designed to be filled out by families, it is user-friendly, and should only take about 10 minutes to complete. It can be filled out on paper or online. Please let us know if you would like a paper version of the screening tool. Here is the web address to complete the screening process.

## November is National Family Literacy Month!

Through just this one simple act you are bonding with your child, inspiring a love of reading—and are helping them develop strong early language and literacy skills that will become the foundation for their future learning and success. In fact, studies show that reading aloud is a primary driver of young children's early language development. Here are 12 early literacy tips..
